The Cameron Herald

Combined Services Of Reuters News Agency And Herald News Department

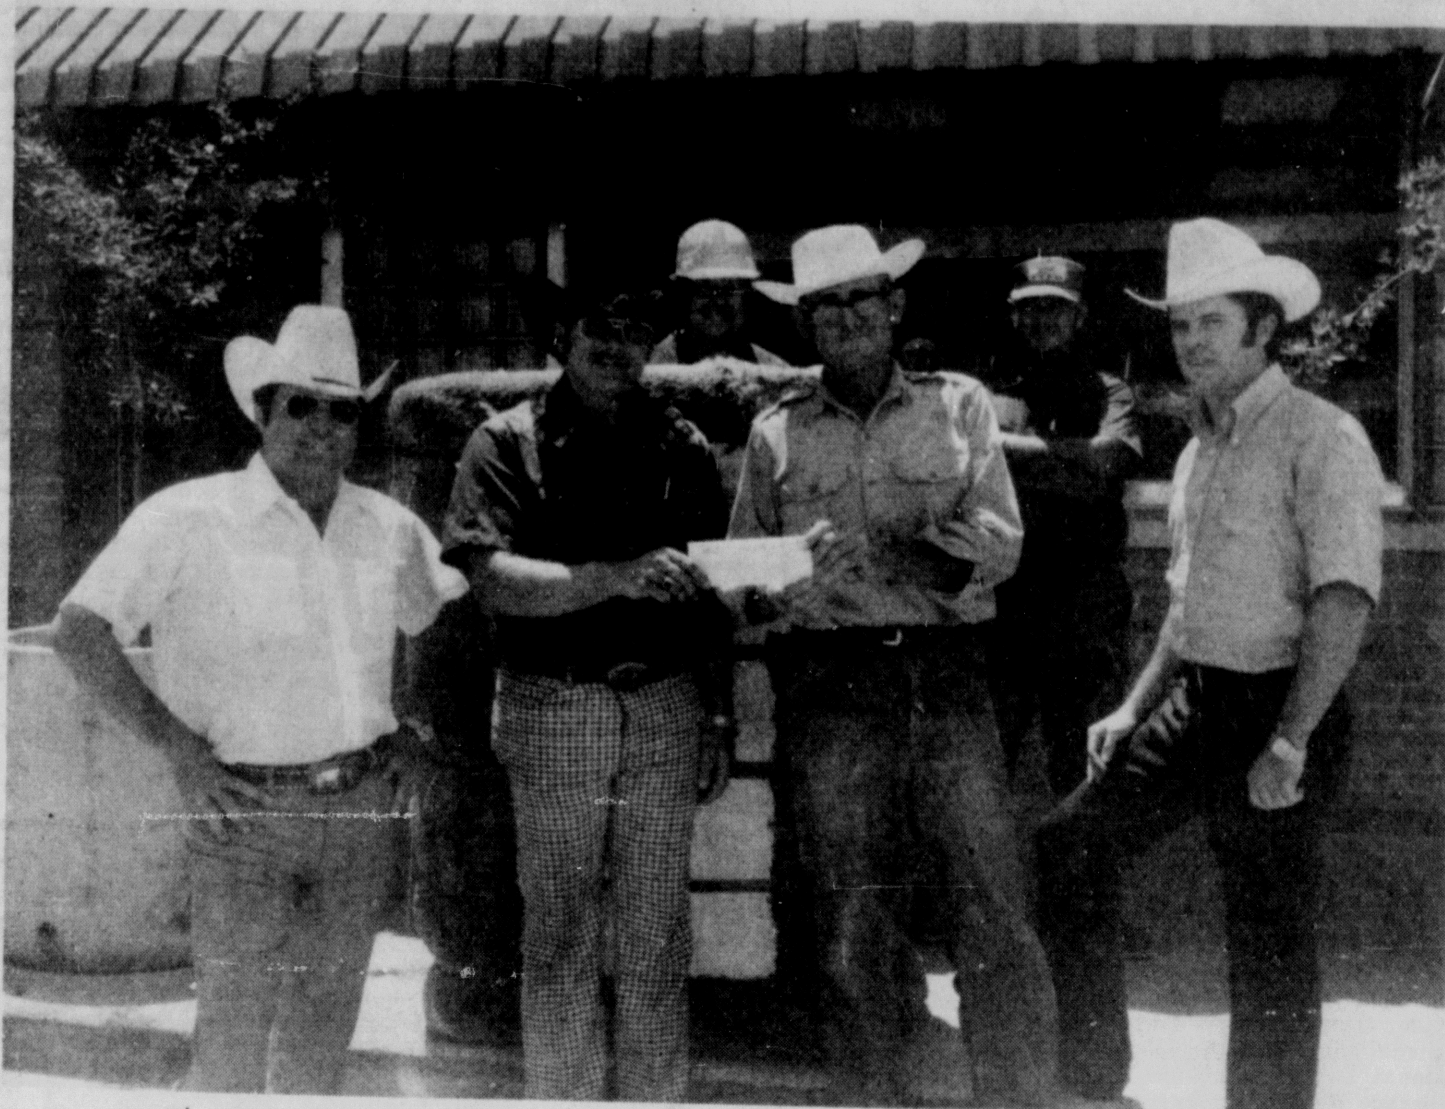

THURSDAY EDITION

15c PER COPY

Vol. 116 No. 47

Cameron, Milam County, Texas, Thursday August 21, 1975

12 Pages Today

FIRST BALE OF COTTON for Milam County was ginned Saturday and was brought in by Joe Vrazel, second from right. Shown with Vrazel are, from left, Gary Folmar, Phil White, and Buckholts Mayor Richard Crowe, chairman of the Cameron Area Chamber of Commerce agriculture committee. Shown on the back row are Doug Williams and Milton Jurch.

116

With F.M.L.

All this side of the Atlantic hears is a record about a streaker working at the gas station, the basketball game, and what have you.

But in jolly ol' England in earlier August, the streaker had a name and a 20-pound bet down that he would crash the cricket wicket at Lord's, apparently a traditional cricket stadium with decorum historic.

A 24-year-old seaman named Mike Angelow changed all that when he stripped down to the buff and sneaked and streaked the cricket field. . . before the "Bobbies" hauled him off the field, smiling mind you, to "put the covers on," to quote the London Sun, a tabloid which headlined the whole thing: "I declare! in reverse boldness. . . and 'A Streaker At Lord's'."

Monroe Corbin, of the same-name service station this town, furnished your Herald with an August 5 copy of the "Sun" which "declothes all" in three pictures of the Britisher streaking the Lord's Cricket Field, shaking a "test match" to its wickets. Corbin's wife is a native Britisher,

and the Corbins had returned to the British Isles to visit her family and a country famous of recent years for its export of the Beatles, Tom Jones, and a sophisticated brand of rock music which still spellbinds the Californians these eight years after Haight-Ashbury.

We long ago explained that Cameron is focal point for all manner of reasonably acceptable non-priggish shennigans and surely Corbin's London Sun fodder fits the 1975 mold.

We shall always wonder what happened to seaman Mike Angelow, in Her Majesty's Service, even unto a wicket which looks like a skin flick in downtown Houston.

116-116-116

I was in Dallas the other weekend and saw Mitzi Gaynor do 23 numbers in a Dallas Summer Musical. That's right, 23 numbers, either Mitzi, Mitzie and cast, or Mitzi and "Guys."

Ms. Gaynor is a dancer who has come of age in recent years in television production spectacles which supplant the movie musicals of the 1950s, which are no more.

We mention this because Mitzi did "The Streak" during this show, and lost her "cool" when the "streaker" excelled his assignment by overexposure to the Dallas Musical audience. (For the sensitive souls, the "streaker" was no more exposed than a California beachboy who stuffs himself with wheat germ and holists too many weights.)

It was a lively segment of the show; however, because the audience was led to believe the "streaker" who was a member of the cast, had exceeded his assignment. (Whatever that means.)

I doubt if ever we shall see this example in Milam County except for the "streaker" who it was said was working the Yoe tennis courts a year or two ago, and who went unHeralded, if not unnoticed.

Woman Charges Bias In Suit Against Sears

A Milam County woman has brought suit against Sears, Roebuck, and Co. in U. S. District Court in Waco charging she was fired because of sex and age discrimination.

Maxine Fall of Rt. 3, Cameron, said she had been employed at Sears for six years in Cameron. She said she was fired in 1973 and asked \$8,000 in wages, \$8,000 in liquidated damages, and \$5,300 in attorney's fees. She also asked to be reinstated as store manager.

The civil suit was originally filed in 20th District Court in Cameron.

Yarrellton Man Gins First Bale

The first bale of Milam County cotton was ginned Saturday afternoon, and was brought in by Joe and Margaret Vrazel of Rt. 2, Buckholts, or the Yarrellton community.

The bale of cotton weighed 545 pounds with 880 pounds of seed and was stripped from a 2 1/2-acre plot. Variety was Lankart 57.

The cotton was sold to W. R. Moore Cotton Co. of Vernon and Waco for 51 cents a pound.

Smokers.. Beware September 1

Beginning on September 1, smokers will be hunting a place to dump the tobacco before entering certain places that have been declared smoke-free by an act of the 64th Legislature.

A person "in possession of a burning tobacco product" in a public school, elevator, enclosed theater or movie house, library, museum, hospital, or bus can be slapped with a maximum fine of \$200.

Not that anyone expects many fines for smoking. "We don't really see so many problems with enforcement," said Dave Cummings, aide to Sen. Jack Ogg of Houston, bill sponsor.

"Most people who see 'no smoking' signs won't smoke there," he said. "People have a healthy respect for the law, we feel."

Dorothy Richter of Austin, who got the anti-smoking bill rolling with her organization of Texans United for Rights of Non-smokers, hasn't as much confidence in the state's tobacco lo-

City Studies Rezoning

Zoning, or rather, rezoning, took first place in business at Tuesday's city council meeting as a large crowd appeared to speak on rezoning a place in West Cameron and the other request got underway after a year's wait.

Hubert Knight, who owns the Ebony Club, wants to move the club to a building he has on North Nolan, an area which is zoned for residential. The club will have to relocate to make room for a park-playground near O. J. Thomas School.

There were spokesmen for and against the move, and Mayor Pro-Tem Lawrence Zoltz had to call a halt to

some of the speeches which became rather personal.

Knight pointed out that his building was moved on to the lot prior to the passage of the zoning ordinance in 1969.

Council voted to table the question until it can meet with the zoning commission for a decision. The zoning commission has granted the request for rezoning and now the council must act on it.

The other rezoning question was again brought up by Jack Tumlinson, representing a large segment of the city which asks to change from R2 to R1. R2 allows multi-family dwellings in an area and Tumlinson said he did not want any three-story apartment buildings in his neighborhood.

Cost of the letters which must go out to all property owners, some 294 in all, was discussed. It was voted to charge the group \$300 for the work. Tumlinson said the request has been in the mill for a year, with no furthering of the rezoning.

In other business, council:

--Heard a report on demolition of substandard housing;

--Approved a resolution accepting re-evaluation of two lots in the urban renewal area;

--Heard the second reading of the ordinance to grant TP&L a rate increase;

--Heard the first reading of another ordinance to grant a rate increase to Lone Star Gas;

--Heard Buzz McKethan of the CTCOG ask for Section 8 Housing Program to be handled through the council of governments;

--Heard about a hospital plan for city employees;

--Discussed abandoned autos and livestock in the city, both of which are forbidden by city ordinances and which will be worked by Edwin Bigbee and the police department;

--Appointed Seth Dockery, Julius Whiteside and Cruz Reyes to the zoning commission.

--And went into executive session to discuss personnel.

Cameron Man Killed; Two Hurt In Accidents

One man was killed and two persons treated at hospitals for injuries suffered in three accidents Saturday and Sunday.

Late Saturday night a car driven by Toni Tumlinson of Cameron struck Anton Vybiral, 72, of Cameron, on Highway 36 in front of the Buckholts SPJST Hall.

Vybiral was pronounced dead on arrival at Scott and White Hospital in Temple where he was taken by Green ambulance of Cameron.

No charges were filed as the accident was termed unavoidable.

On Sunday night a car driven by David Kornegay of Gause was in collision with a car driven by Larry Cashion of Temple. The accident occurred four miles west of Cameron on Highway 190.

Janet Fuchs of Cameron, a passenger in the Kornegay car, was taken to Scott and White Hospital by Marek-Burns-Laywell ambulance and treated for a cut on her head.

Also on Sunday night, Franklin Herrington of Rosebud was treated for minor injuries after his car left the road and landed in a creek one-fourth mile east of the intersection of Farm Road 485 and Highway 77.

Trustees Hire Matula For Gym Renovation

The Cameron school board will act as its own contractor, and hired a construction coordinator following action at a called meeting Monday night.

The school will be its own contractor on repairs and renovations of the Yoe High gymnasium. Low bid on the work was \$139,000 and Albert Frank Matula, who was hired as construction coordinator, said he believes costs will run lower than estimated by the Temple construction company whose bid was low.

Board voted to reject all bids received on the renovation.

Matula, Supt. Buddy Dulin, and architect John Allen will meet this week to draw up orders for materials and advertise for bids on electrical work and plumbing.

Matula said work could probably start within two weeks. He expects the work to take longer if he is doing it, as he will be working on other jobs at the same time, he said.

Allen also asked board members for payment of his fee for drawing up plans and specifications for additional science classrooms first planned to be built next to Yoe High.

The renovation of the gym will include the conversion of classrooms on the second floor into science labs for high school.

In other business, board hired Betty Hollowell and Alicia Colman for Plan A Program; Max Shuemate for Title I; Susie Hensley for the migrant program; and Sue Chubb as a teacher's aide.

Cameron's Share Of Tax Rebate Totals \$9,185

AUSTIN

Comptroller Bob Bullock issued city sales tax rebates Friday worth \$19.9 million and announced a new plan to give cities their proportionate share of any partial collections from delinquents.

Cameron's share of the rebate totaled \$9,185.36, the largest in Milam County. Rockdale's rebate was \$7,227.01 and Thorndale, \$3,080.19. Other area cities included Rosebud with \$2,541.63 and Rogers with \$694.51.

In the past, money from delinquents was applied first to the state's claim and only after that was totally paid off did the city get its money.

"It was wrong for the cities to be playing second fiddle," Bullock said. "In more than 800 cities the five percent sales tax is a four-and-one split, so that's exactly how we are going to rebate it."

Bullock said he doesn't look for the new plan to bring significantly more money to cities but "it will get them their share a lot faster than when they had to bring up the rear."

This month's \$19.9 million in rebates to the cities is significantly higher than the \$11.4 million rebated last month. August is the second month of the three month rebate cycle which includes two months of relatively small rebates followed by a large "clean up" in the third month.

TJC Extension Classes Open

Registration for TJC Extension classes was held Tuesday evening and the following classes will be taught: Beginning Czech I - Tuesday from 6:30 to 9:20 p.m. in Room 6 at Yoe High. Class will start Sept. 2.

Principals of Economics - Monday from 6:30 to 9:20 in Room 6 starting Sept. 2.

Composition and Rhetoric - Tuesday from 6:30 to 9:20 in Room 3, starting Sept. 8.

US History to 1865 - Thursdays 6:30 to 9:20 p.m. in Room 6, starting Sept. 4.

Anyone who wishes to enroll in these classes must contact the TJC Registrar within the next two weeks. Tuition for one course is \$34, for two courses, \$43.

Firemen Answer Call

Cameron volunteer firemen were called to a grass fire at the Silver City store about 5:50 p.m. Monday. A truck hit a powerline, causing wires to fall and start the fire.

FOUNDATION WORK STARTS on the new Milam County tax office building across from the courthouse.

Piers were being poured this week and foundations marked to be prepared for pouring concrete.

Ordinarily...

We are seeing how complex politics and economics have become when a major union is boycotting export of U. S. grain because it is uncertain how the trade will affect food prices and how many American ships will carry the grain.

The AFL-CIO is boycotting loading grain until President Ford advises personally to George Meany, AFL-CIO president, that a repeat of the 1972 grain deal with Russia won't tilt inflation scales.

And AFL-CIO is even voicing concern over the fact that U. S. shipping is being turned under by Soviet merchant shipping.

The Republicans are extending the spirit of detente of 1972 through this second major grain deal with Russia. The U. S. may have as much as 20 percent more grain, soybeans, and corn over 1974. Agriculture Secretary is waiting to see how things develop in the fall harvest for final decision.

A farm leader in Illinois is saying Meany has no business dictating on agriculture exports, since it is a major export commodity, if not the major export, which reflects incidentally, historic balance-of-payment gains.

In a sense, everybody is right. If we stop grain exports to protect consumers, we may inhibit other industries who must find new world markets. Yet, if we decimate our own merchant marine by letting the Soviet carry two-thirds or more of grain exports, we are hurting a maritime industry which also might carry other in-

dustry goods.

The housewife has been victimized by the upsurge of prices set off in 1972 by grain sales. But there was a more covert atmosphere, probably due to historic precedents of 1972 detente with a closed society.

Ordinarily, labor leaders have no ken in agriculture, other than what economic advisors tell them. But, ordinarily, agriculture shipments are not important to keeping the lid on a queasy detente, shipments made possible by the most successful agriculture system in the world.

Likewise, ordinarily, labor has not always taken the broad view that a shipping industry is jeopardized and the consumer is uncertain what the price of bread will be if our crop is less abundant than predicted and the deal still goes through.

We are seeing the inter-relationship of complex forces of earth, sky, and water and the will of men clashing for purposes beyond their own pocketbooks. We are seeing Washington compelled to decide as other national leadership focuses on the elemental in grain.

The union is concerned about industry, which pays them, and consumers, most of whom unrelated to unionism. And agriculture is trying to veer undisturbed through political uncertainty to maintain the force of unrestricted production.

It would seem the President is implying by a delay of intervention that George Meany is right.

"Low Down" FROM THE Congressional Record

By JOE CRUMP

(A Column for Readers Who Haven't Time to Review the Congressional Record Daily)

WHY PUBLIC SERVICE ACT-S.66 WAS VETOED

To the Senate of the United States:

"I am today returning, without my approval, S. 66 a bill to amend the Public Health Service Act to provide support for health services, nurse training, and the National Health Service Corps program."

"The bill would authorize almost \$550 million above my fiscal year 1976 budget request for the programs involved, and it exceeds fiscal year 1977 levels by approximately the same amount resulting in a total increase of \$1.1 billion. At a time when the overall Federal deficit is estimated at \$60 billion, proposed authorization levels such as these cannot be tolerated."

"Bills currently being co-

nsidered by Congress would add \$25 billion to the fiscal year 1976 deficit and \$45 billion to next year's deficit. If they were to become law, they would lock us into a permanent policy of excessive spending and make the Federal budget a primary cause of inflation for years to come. To avoid this, I have no choice but to veto these bills if the congress insists upon sending them to us."

"As early as January 1973, the American Nurses Association stated that, "... it appears that the shortage of staff nurses is disappearing." Our failure to limit growth now could result in our training an excess of nurses creating the same kind of oversupply that has left thousands of elementary and secondary schoolteachers disillusioned with the lack of

teaching opportunities.

"The general nursing student assistance provisions contained in this bill are largely duplicative of existing under-graduate student air programs offered by the Office of Education, and represent just one more unnecessary categorical program."

"I am convinced that legislation can be devised to accomplish our common objectives which does not adversely affect our efforts to restrain the budget or inappropriately structure our health care system."

The White House, July 26, 1975.

Gerald R. Ford

CRUMP'S GRASS ROOTS COMMENT

Congress then proceeded to override the President's veto by 384 YEAS to 43 NAYS; 7 didn't vote. Congress promptly voted itself a pay raise, and took off a months vacation. No attempt was made to find the tax dollars to pay for S. 66.

Dateline Austin

Governor Curbing State Spending

Governor Dolph Briscoe has assigned top priority to curbing soaring state governmental spending and thwarting predictions of a major state tax bill in 1977.

At the same time, the governor said all his political options for the future remain open, although he emphasized he is making no present plans for a third term.

Briscoe's predictions that the state can avoid a tax bill in two years fly in the face of forecasts by Texas Research League and Comptroller Bob Bullock. TRL only a week earlier said the legislature may have to raise \$750 million to balance the next budget in view of 1975 spending levels.

However, Briscoe stated: "I am optimistic that we can meet the fiscal needs of the state for a third term without new and additional taxes. We can't do it unless we try. That is our No. 1 priority. I will work toward that end."

Briscoe said he is hopeful the new Joint Advisory Committee on Government Operations will point the way to how to economize, increase efficiency and reorganize government effectively.

As for his own plans, the governor said it's too early for serious talk about a third term. But he acknowledged the subject has been discussed in private conversations — "just passing the time of day."

Hospital Savings

A new \$1.8 million state-federal program aims to save Texans who have to go to hospitals \$14 million a year.

Three centers will be established to make group purchases and collections for hospitals — the statewide center in Austin, with regional offices in Abilene and Texarkana.

The centers will try to reduce hospital management and bring about better distribution of other health personnel.

At the same time, Texas Hospital Association announced 189 hospitals have indicated they will participate in a proposed THA-backed hospital company.

Texas State Insurance Board set an August 21 hearing on the Texas Hospital Insurance Exchange application for charter.

Democrats Moving

Texas liberal Democrats are getting organized for the 1976 presidential preference primary, while, at the same time, challenging legality of the primary.

Democratic National Committeewoman Billie Carr of Houston and others are inviting Democratic presidential candidates to a September 20 meeting here. The group calls itself "Texans for Somebody Else"—somebody else, that is, besides U. S. Senator

Lloyd Bentsen or Alabama Governor George Wallace.

Ms. Carr and others filed a challenge with the national Democratic Compliance Review Commission, contesting the 1976 presidential primary act, passed by the legislature this year, was largely to help Bentsen.

AG Opinions

Notice of meetings under the Open Meetings Law must be specific on subjects to be discussed, Attorney General John Hill held. Hill said general phrases such as "new business," "old business" and "regular business" do not meet requirements.

In other recent opinions, Hill concluded:

Comptroller Bob Bullock should not release information on amounts of sales or use taxes paid or owed by an individual prior to a "final determination."

Texas Youth Council can furnish information on child abuse cases to the Texas Interagency Task Force on Youth Care and Rehabilitation under proper limitations on distribution.

There is no state agency with authority to license facilities to store human bodies.

A landscape architect must renew his license by August 31 each year to remain eligible to practice.

A paid fireman, who also serves as a volunteer fireman, may participate in pension plans covering both positions.

Appointments

Six new State Parole Commissioners are Edward Odus Johnson of Austin, Gilberto de Leon Jr. of

the speculators, be the only ones to grab a newspaper or listen to the radio every morning to find out whether the price of their crops and livestock has gone up or down over night?

For example, the government ought to estimate the number of cars and pickups coming out this year, so the manufacturers could wake up in a sweat every morning wondering what the market price on cars is today. The same ought to apply on estimates of oil production, tractor production, etc.

For too long farmers and ranchers have hogged the market fluctuation business. They ought to let the car manufacturers, the oil people, etc. in on this. It makes life a lot more adventurous.

Say, I noticed somebody in Washington has found a bureau costing \$70,000 a year which had acted only twice in seven years, and there's an outcry to abolish it. Be the worst thing you can imagine. Any time you've got a set of bureaucrats you hear from only twice in seven years, I say that's the kind we need more of.

Yours faithfully,
J. A.

Uvalde, Helen Copitka of Houston, Don R. Stiles of Grapevine, Paul F. Cromwell of San Antonio and Paul J. Mansmann of Fort Worth.

Reagan Houston III of San Antonio is the sixth gubernatorial appointee to the Joint Advisory Committee on Governmental Operations to study governmental economy, efficiency and reorganization.

R. Doug Lewis has been named executive director of the Republican Party of Texas, succeeding Zack Fisher of Memphis.

I TOLD YOU TO BUY MY OFFICE SUPPLIES AT THE CAMERON HERALD STATIONERY SUPPLY CENTER!!!

108 EAST 1ST

697-6671

SAFE, PORTUGAL

As the communists and their supporters consolidate their power in Lisbon, rebellion is spreading through the old port wine vineyards and the new textile factories here in the north of Portugal. The small northern towns lie close together in valleys between the rocky hills. Carts still pull the wine casks along the cobblestone roads and barefoot women gather washing hung up in the medieval squares and carry it in baskets on their heads.

LONDON

Guns began booming out over the moors of Yorkshire and Scotland August 12, signaling the start of an aristocratic pastime and death for over two million birds. Hundreds of rich tweed-clad sportsmen with guns and dogs arrived from the United States, Italy, Belgium, France, and Germany. Their target: the red grouse. From the 12th until December, the little bird finds itself the shooting man's delight—a supremely difficult target and a gourmet's delight.

LUANDA, ANGOLA

Cars are posing a greater danger to civilians than bullets in the capital of war-torn Angola. Although up to 1,000 people have been killed in fighting between Angolan liberation movements in the past six weeks, civilian losses have been relatively low. And not that there is an uneasy calm in Luanda, following the evacuation of troops it is the driving habits of the capital's citizens which endanger everyone's life.

RIO DE JANEIRO

Brazil's notorious death squad has struck again, leaving a dozen bullet-riddled bodies sprawled on deserted roads in the past week alone. The organization, believed to be formed by policemen taking the law into their own hands, is held responsible for executing nearly 3,000 alleged petty criminals in the past nine years. The bodies discovered in Rio De Janeiro's working class suburb have yet to be identified.

County Agent Notes...

Prepare Land For Wheat Crop

By Bill McCutchen

Wheat acreage is expected to be on the increase again this year as farmers are wondering what to do with some of their foul land and some of their less productive soils.

For those wanting to get some grazing benefits from wheat planting, time is not far away and land preparation time is definitely here.

If you are looking for a wheat variety, Sturdy is still the one to beat in this area for both grazing and grain production. Coker 68-15, a soft winter wheat, produced a little more grazing and grain last year on Reeves Brown's variety test than Sturdy and is definitely worthy of a closer look.

Pioneer x 2129, TAM 101, and Caprock also showed promise as a grain producer and Pioneer x 2129 also had good grazing data.

Other varieties in the test included Caddo, Dekalb 581, Pioneer HR 900, Pioneer HR 975, and Agent. Agent was the top forage producer but grain yields were very disappointing.

Sturdy and Coker 68-15 both produced over 40 bushels per acre. Sturdy is a proven producer in Milam

County and will be the one most people will want to plant.

Cotton Harvest

Most of the Milam County cotton crop is late and much is still a question mark as this has been less than an ideal cotton year.

Some of the upland cotton is within a couple of weeks of harvest, however, and proper desiccation will be necessary for good cotton quality.

For good results in desiccation, warm, calm, sunny weather is necessary. This hopefully can be combined with low soil moisture but sufficient to maintain the plant without moisture stress. Little or no secondary growth is desired with a little leaf shedding and a high percentage of open bolls.

Timing of application should be based on percent open bolls. For desiccation--75% or more open bolls is desirable. For defoliation--60% or more is satisfactory.

Tractor Pull Slated

This year the LaGrange Young Farmers will again sponsor a tractor pull at the annual Fayette County Fair. This is the third year the aggressive group of young men has coordinated their mechanical skills and business ability to put on an exciting show.

According to Ralph Voss, president of the LaGrange Young Farmers Club, the largest purse outside of the Fort Worth Pull will be paid to outstanding local and Southwest pullers. Voss states that four classes will be pulled on both Sunday afternoon, August 31, and Labor Day afternoon, September 1.

Local pullers are urged to contact Donald Peck at 242-3458 or Franklin Brandt at 968-5359 for information on classes and purses.

Texas No. 1 In '74 Export Of Livestock

AUSTIN--Texas remained a leading state in livestock exportation in 1974, Agriculture Commissioner John C. White has reported.

Statistics from the USDA show the state to be the number one exporter of beef-breeding cattle in the U.S., having sold 13,450 head in 1974.

Texas hog producers placed the state second in exports of breeding swine, shipping 3,055, only 168 fewer than the first-ranking state of Illinois. In the sales of dairy breeding cattle, the state was eighth with a total of 2,275.

White attributed the increase in exports from Texas to intensive marketing activities by the livestock industry.

"The Texas Department of Agriculture has stepped up efforts to bring in more foreign buyers," White said. "The Livestock Directory which the Department publishes has stimulated many sales."

Brahmans ranked highest in number exported from Texas with a total of 3,991. Santa Gertrudis, Herefords, and crossbreeds were other major choices of foreign buyers.

Texas supplied almost one third of the Charolais cattle shipped from the U.S.

Principal breeds of swine sold from Texas hog farms were Duroc, Yorkshire, Hampshire, and crossbreeds. Dairy cattle breeds exported from Texas included Holsteins, Jerseys, Brown Swiss, and Guernseys.

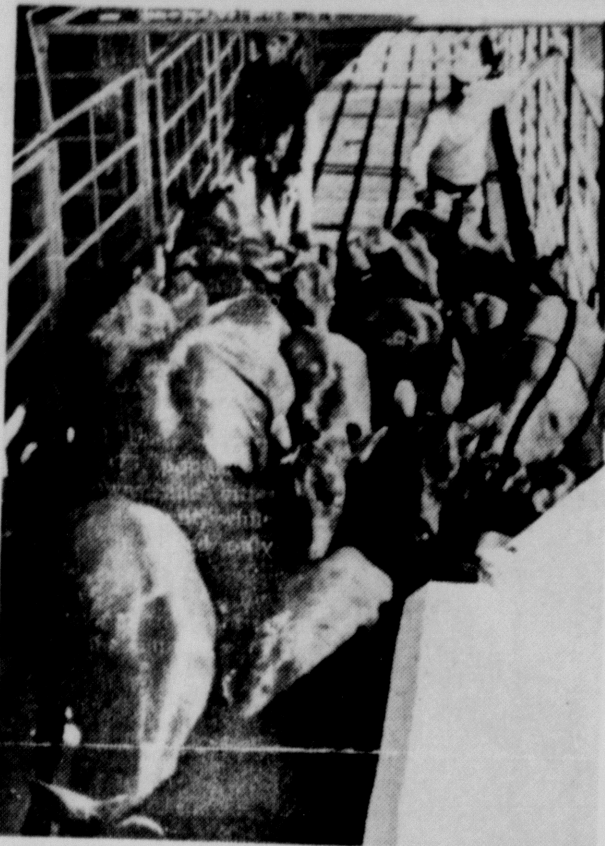

Union Asks Set-Aside For Cotton

The Farmers Union has recommended to Secretary of Agriculture Earl Buttz that a 25 percent "set-aside" program be established for cotton in 1976 in order to balance supply and demand.

This was announced here today by Jay I. Naman, president of Texas Farmers Union. Naman said the Farmers Union's recommendations were conveyed in a letter to the Secretary by Tony Dechant, national president of the Farmers Union, in response to the U. S. Department of Agriculture's request for the Farmers Union's views on the 1976 cotton program.

Naman said the Farmers Union is recommending a payment rate of the higher of 20 cents per pound or one-half the price support loan rate on the projected yield of the farm's "set-aside" acreage unless farmers are guaranteed parity prices for other commodities grown on the diverted cropland.

The Farmers Union also recommended "that the loan levels for the 1976 crops of all cottons be set at the highest levels permitted under the present law," Naman said.

GROWTH OF EXPORTS means more market outlets for Texas agricultural producers. To facilitate shipment of livestock from the U.S., the Texas Department of Agriculture is completing the last of six USDA-approved inspection pens. The intensified efforts to build foreign trade by TDA have resulted in increased sales for Texas farmers and ranchers.

Gause CIP Sprays Trees For Worms

After seeing so much damage done to pecan, walnut, and fruit trees in the Gause community, and after hearing Johnny Watkins' program about the leaf and crop damage the worms were capable of doing, the Gause Community Improvement Program appointed a committee to go into "late action" for three days and do some spraying.

Using the spraying machine belonging to the Gause CIP, that is available to anyone in the community who has a tractor, the committee did spraying service for 63 families or about 250 trees and 10 yard gardens. Some of the home owners had done their own spraying earlier.

It is hoped that the Gause CIP can start a tree spraying program during the dormant season, following through the spring to produce more and better nuts and fruits.

Survey Shows Cattlemen In Bad Financial Trouble

Nearly four out of 10 cattlemen are in "bad" to "moderate" financial trouble. Those in "bad" shape (about one out of 10) probably won't survive financially, according to a survey of 300 bankers across the nation.

And these lenders say that almost 20 percent may not survive another year of calf prices equal to those of April-May, 1975, reports Dr. John A. Hopkin, Stiles professor and head of Texas A&M University's Department of Agricultural Economics.

Hopkin presented these facts as part of a report to the American National Cattlemen's Association Board of Directors at its recent mid-year meeting in Denver. He made the study in cooperation with lending institutions in the U. S.

"The Texas Agricultural Extension Service and ANCA should encourage continued heavy culling of cows in order to halt the increase in cows and total cattle numbers," says Hopkin, who is chairman of ANCA's Council of Economic Advisors. "Such culling should be done while supplies of competitive meats are down."

Although agricultural lenders have access to sufficient funds to finance agriculture, some cattlemen will have difficulty qualifying for adequate credit, warns Hopkin.

Many cattlemen have obtained or will obtain needed liquidity through re-financing of real estate. But Hopkin recommends that ANCA join with universities and lending institutions in informing cattlemen and bankers of the merits and mechanics of the revised Emergency Livestock

Loan Program. Producers may obtain more details from the Farmers Home Administration or local Production Credit Associations.

Also, he warns, it is unlikely that cattle numbers and price fluctuations will be eliminated, and financing programs should consider cash flow requirements of individual operations over the entire cycle.

Even though Americans are eating record amounts of beef,

the industry is still in trouble, says Hopkin. He attributes the conflicting currents that are causing this to high prices of feed and other supplies and record numbers of beef cattle, with larger numbers currently moving to market off grass.

Until this large inventory of beef animals is worked off, cattlemen can expect relatively low profit margins, says Hopkin.

Loans For Stockmen

Livestock producers facing financial problems due to current low market prices should take a close look at the Emergency Livestock Credit Act of 1974.

Just over a year old, the Act provides for emergency financial help to the producer whose business has a good chance of success if it can survive the current liquidity crisis.

"Recent changes have been made in the Act that make it more palatable to both the borrower and lender," points out Dr. Wayne Hayenga, project leader in farm management for the Texas Agricultural Extension Service.

These changes are as follows:

1. A "line of credit" is permitted, whereas the original Act permitted only a single loan.
2. Anyone with a "substantial operation" in breeding, raising, fattening, or marketing is eligible (one who devotes at least 25 percent of his time to, derives at least 25 percent of his income from, or has at least 25 percent of his capital invested in livestock operations).
3. The Act is extended until Dec. 31, 1976.
4. The loan period can be extended to seven years, with possible renewal for three years.

5. The guarantee by the Farmers Home Administration is increased from 80 percent of the loss to 90 percent of the loan principal and interest.

6. The line of credit has been increased from the previous \$250,000 to \$350,000 per loan.

7. Secondary financing of the guaranteed portion of loans may now be made by the Federal Financing Bank, thus increasing the marketability of the securities to the lender.

SAFETY CORNER

Replace Faded Emblem

Does the center color of your SMV emblem look like a weak egg yolk? Orange fluorescent centers fade and need replacement every two to four years. Replace entire emblems with new ones or get replacement centers with pressure-sensitive backing to restore brightness. Bright emblems help alert motorists.

Cotton, Sorghum Up 26 Per Cent ... Corn Up 57 Per Cent ... Wheat Up 248 Per Cent ... Rice Down One And A Half Per Cent.

Texas farmers this year doing what they like to do best in agriculture--produce, produce, produce.

The Texas Crop and Livestock Reporting Service shows moderate to major increases for production of major crops this year; rice is the one exception with a slight decline. Here are the projections for this year:

Cotton: Production is expected to be 26 per cent higher than last year with 3,100,000 bales anticipated which would be an average of 372 pounds per acre. Acreage this year for harvest is set at 4,000,000, down 400,000 from 1974. The 1974 cotton production for Texas was 2,462,000 bales.

Sorghum: Production is expected to be 26 per cent higher this year with an increase in acreage of 800,000. A total of 394,400,000 bushels of sorghum is forecast for 1975 in Texas. This compares with 312,000,000 bushels produced in 1974. Expected yield is 58 bushels per acre compared with 52 bushels last year.

Corn: A 57 per cent increase in corn production is expected this year compared with 1974 for the state. A total of 115,500,000 bushels from 1,100,000 acres is anticipated. This would give Texas a 105-bushel per acre average. Last year, a total of 73,600,000 bushels was produced in the state from 800,000 acres.

Winter wheat: Final estimate is 131,100,000 bushels, a 248 per cent increase over last year. Average this year is set at 23 bushels per acre from 5,700,000 acres. Last year, only 52,800,000 bushels were produced from 3,300,000 acres.

Oats: Production this year will be more than double a year ago. A total of 17,500,000 bushels is anticipated for 1975 compared with 8,100,000 bushels in 1974. Acreage for harvest this year is set at 650,000 compared with 374,000 acres a year ago.

Rice: Production will be down slightly from 1974, about one and a half per cent. A total of 24,885,000 hundredweight is expected this year compared with 25,258,000 hundredweight a year ago.

CROP HARVEST CONTINUES at a good pace throughout the state. Cotton harvest percentage-wise is about on schedule with the past three-year average. About five per cent of the crop has been gathered thus far, and Blackland area harvest is just beginning. Prospects on the High Plains continue good despite some insect problems. Cotton root rot is also a problem in Central Texas.

Sorghum harvest for the state is about half finished. A number of areas in Central Texas are turning out yields considerably lower than expected. Rains have slowed harvest in some southern sections, and insect problems are prevalent on the Plains.

Rice harvest is at the 50 per cent completion mark. Harvest is making satisfactory progress along the Upper Gulf Coast and in South Central Texas.

Peanut harvest is about five per cent complete and is about on schedule with last year.

Soybeans are making good to excellent progress across the state.

Sunflower harvest is fast approaching on the High Plains; harvest of this new crop is finished in Central Texas and the Brazos bottoms. Yields generally were not up to expectations, but observers still believe that sunflowers offer a good potential as an alternate crop.

Ag Credit Sound In Texas

A recent survey of agricultural credit conditions in Texas shows that the average size of agricultural loans has increased again this year, interest rates are lower, and more than half of the banks are seeking new farm and ranch loans.

The survey was conducted by Dr. Wayne A. Hayenga, economist and project leader in farm management for the Texas Agricultural Extension Service.

"Sixty-four percent of some 100 lenders responding to the survey reported increased loan size but noted that the funds are going to about the same number of farmers and ranchers as in the past. Only 12 percent of the lenders indicated that the average loan volume had decreased, and 24 percent said it had remained stable," noted Hayenga.

"Increased loan volume may have stemmed from lower loan repayments reported by 49 percent of the lending agencies," pointed out the Texas A&M University System specialist. "Higher than normal repayments were recorded by nine percent of the lenders."

The greatest increase came in operating loans, followed by machinery and crop storage borrowing which were more in demand this year

than in the past. Feeder cattle loans were down markedly this year while dairy loans only saw a slight decrease.

Interest rates also decreased, but lenders had expectations for them to stabilize. Over the last six months, feeder cattle loans declined from 9.84 to 9.32 percent; real estate loans from 8.93 to 8.63 percent, and operating loans from 9.15 to 9.13 percent.

TEXAS TALK

By Skip Hobbs

"Cornbon" copy of the beef checkoff is apparently coming. Corn producers throughout the nation may be reaping the benefits of a corn check-off now being considered in Iowa. Modeled after the national beef check-off, the idea is supported by the Iowa Corn Growers Association. The proposal would result in the creation of an Iowa Corn Promotion Board. The board could implement a state-wide tax of as much as one-tenth of a cent per bushel. Richard Thompson, the vice-president of the Growers Association, says the funds produced by the check-off would be used for research into disease and insect control. Results of such research could then benefit corn producers in all states. Thompson says a secondary use of the money made available by the check-off system would be the funding for development of national and international marketing systems. Estimates by Iowa agri-economists put the annual fund at over half a million dollars if the current proposals are adopted.

SOME GOOD NEWS from your electric power people.

This is a message for all of those people who long for some good news. It's from your electric power people, Texas Power & Light Company.

Yes, we know that the news we've been sending your way has been anything but good. Shortages and spiraling costs of the fuels needed to generate electricity. High interest rates on the money we must borrow. Increasing costs of construction, materials, equipment and all of the other things necessary to produce and supply electric power.

And all of these problems have brought about the inevitable--asking our customers to pay more for the electricity they use.

But wait, there is some good news. We're working in every possible way to prevent the "blackouts" and "brownouts" which have occurred in some parts of the nation.

We placed a large generating unit in operation late last year and another in May of this year. Six additional generating units, all to be powered with readily available lignite coal, are under construction and four other units are in the planning stages.

We've begun construction, along with two other companies, of a nuclear-fueled generating plant. The first of two generating units is scheduled to be placed in operation in late 1980 and the second in 1982.

We've built and are continuing to build, the lines, substations and other facilities needed to supply the power produced by all of these plants.

We're filling massive storage tanks with more than 80 million gallons of fuel oil for use when natural gas supplies are curtailed.

We're participating in the support of research programs to find ways to produce power more efficiently and more economically by conventional methods and to develop new methods.

Texas Power & Light provides electric service to more than half a million homes, farms, businesses, industries and institutions throughout North, Central and East Texas. We're working to keep this service adequate and dependable, but it's costing more all the time to do the job.

State Officials Working On Constitution Passage

Cameron, Texas, Herald, August 21, 1975 Page 5

Robert W. Calvert, chairman of Citizens for the Texas Constitution, today formally announced the appointment of Ronald Earle, a state representative from Austin, as the statewide campaign coordinator for the passage of a new Constitution for Texas.

The information and education program that Earle will head will be financed exclusively by citizen contributions.

Calvert was joined in making the announcement by House Speaker Bill Clayton of Springlake, Lt. Gov. William P. Hobby Jr., and Texas Atty. Gen. John Hill. In a joint statement, the three top officials said the Earle appointment "marks the beginning of an all-out effort to inform the people of Texas about the need to update the antiquated document and to bring Texas government into the 20th century."

Clayton said that after working with Earle for the past two years, "I feel he is a particularly fine choice for the very demanding duties of coordinator. I know Ronnie is as totally committed to the passage of the new document as I."

"A new Texas Constitution will give Texans a guarantee that their state government will be truly responsive to the people of this great state. The new document preserves the best of the present Constitution, written in 1876, while providing additions that are necessary now that our state has come of age," Clayton said.

Lt. Governor Hobby said, "The proposed Constitution which is being presented is a good basic document. It is not perfect, because we are not perfect. But, it is an admirable and impressive Constitution. Its adoption will free our government from the shackles it has worn for almost 100 years. It will give our government the tools it needs to maintain our state's tradition of independence."

Attorney General Hill commented, "I am a strong supporter of the new Constitution in its entirety. If its supporters will continue to take a constructive, positive approach and give the public the facts, I am confident the people will approve the new document."

Calvert, former chief justice of the Texas Supreme Court, said "We have a very strong obligation to the people of Texas to concentrate our efforts on distributing all the information possible about the new Constitution, so that Texas voters may base their decision on the document with all the facts before them."

Earle, 32, begins his duties as coordinator immediately. A former judge of Austin's Municipal Court, Earle served as chief counsel to the Texas Judicial Council before his election to the Texas House in 1973. In 1967-69, Earle also worked as a budget analyst for then-Governor John Connally. A native of Fort Worth, Earle practices law in Austin in addition to his duties as a Texas legislator.

Joining Earle on the campaign staff will be Mercy Kutcher who will act as office manager during the campaign. Ms. Kutcher is a veteran of San Antonio politics and a former legislative aide.

A theater's green room was the off-stage sitting room used by the actors, and gets its name from the fact that its walls were often painted green to rest the eyes exposed to bright stage lights.

Helpful Hints For The Status Conscious Frenchmen

By Paul Majendie

PARIS
Reuter--The status-conscious Frenchman should sip 12-year old whisky, take summer holidays in Iceland, be a crack polo player, and own a hi-fi set that looks like a jetliner's control panel.

His elegant lady should wear a small diamond in her ear lobe, know all the best dieting clinics, give leather-lined pocket computers as presents and buy chocolate-covered ants for dinner parties.

Together they should roll around town in a chauffeur-driven Volkswagen convertible and live in Paris' plush 16th Arrondissement.

All these are essential status symbols for those in search of "le standing" in modern French society, according to the weekly news magazine Le Point.

With France largely on holiday and the press enjoying its annual silly season, the magazine decided to examine the evolution of what has been considered smart in society over the last two decades.

It reckoned the 1960s hero was the young whizz-kid businessman with smart suit and constant chat about cash flows and turnover, today's top person is a more subtle mixture, the magazine suggests.

In an attempt to give an all-around picture of what is chic in 1975, it concocted an honors list of essential possessions for anyone trying to flaunt that elusive thing called "le standing."

led "standing" a word the French find impossible to translate and so have adopted as "franglais."

High on the list, naturally, comes what the in-couple choose to eat and drink. Whiskey is the smart drink, having descended from "snob" to "democratic" over the last 10 years. Now, to be different, various nuances and quality are the touchstones. A 12-year-old whisky is a good way to rise above the masses, the magazine suggested.

The latest thing is to own a truly giant American-built refrigerator. For dinner parties on the upper rungs of the social ladder, a popular dish is a soufflé of frogs and fillet of sole. A wrong choice can spoil the top people's holiday. The magazine said: "The rule is plunge south in winter and north in summer. Go and get brown in the Sahara for Christmas and fish in Iceland in Mid-August."

With ready-to-wear collections bringing top designers' clothes within reach of the human purse, the smart couple have performed a sartorial about-face and opted for workmen's boiler suits. As one clothing manufacturer commented acidly, "You really have to be very rich to dare to wear poor clothes."

Giving presents could be a perilous exercise, especially if you choose such outdated gifts as intialled luggage sets. "The ultimate in chic is a pocket computer edged in leather," Le Point suggests.

The magazine backs up its inevitably subjective list of smart-set essentials by adding a highly revealing opinion poll about the possession that most give an aura of prestige.

The Frenchmen interviewed gave pride of place to the Legion of Honor followed by a swimming pool, a live-in maid, and an appearance on television.

The women decided that a chauffeur-driven car was the most precious possession, followed closely by a piece of family jewellery given as an 18th birthday present, a sea cruise, and woman's eternal dream--a fur coat.

Citizens Meet For Melon Feast

Seventy-five citizens met Tuesday, August 12 at the new community picnic tables at Gause and enjoyed water-melons and agricultural products grown in Gause. Mr. V. W. Shaw grew the melons.

Mrs. Lilly Harris and Mrs. Mozelle Smith planned the entertainment. Mrs. Harvey Roper treated her friends with some harmonica music while Mrs. Smith led the group in singing games. Mrs. Smith, Mrs. Dexter Worrell, and Mrs. Johnnie B. Wilson led in the singing of old familiar hymns and tunes. Mrs. O. L. Harland snapped pictures.

Mrs. J. R. Browder, chairman of the Gause Community Improvement Program, wishes to thank all who participated in making the evening a success.

Porcelain Arts Guild Holds Meeting

The Cameron Porcelain Arts Guild held its regular monthly meeting Thursday in the Cameron Business and Professional Womens Club House.

Fifteen members and one guest were present as club artist, Lillian Burrier, gave a demonstration on painting daisies. Refreshments were served.

UT Names Hudson To Direct Highway Program In Brazil

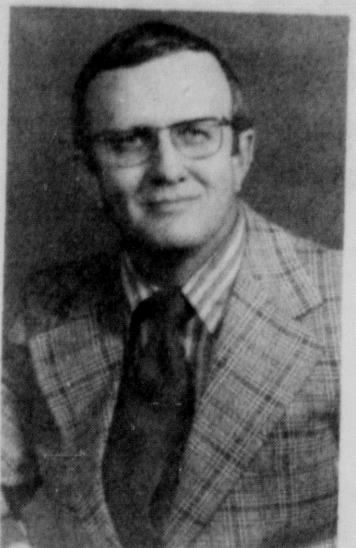

Dr. W. Ronald Hudson, his wife, Martha Collins Hudson, and his three sons, Stuart, Alan, and Paul left Wednesday, August 20 for Brasilia, Brazil where they will live one year while Dr. Hudson is Technical Director of a highway project being conducted by the University of Texas for the World Bank, the United Nations, and the Brazilian government.

The children will attend an American school while in Brasilia.

Dr. Hudson is the son of Mr. and Mrs. C. W. Hudson of Cameron. He graduated from Yoe High School in 1950 and attended Texas A&M University where he received his B.A. and M.A. degrees. He

then attended the University of Texas where he received his Ph.D.

Dr. Hudson is currently employed as a professor of civil engineering at the University of Texas.

DR. W. RONALD HUDSON

Celebration Honors Browder

Mr. J. R. Browder, "Bob" Browder, of Gause was honored the weekend of August 16 at his Lake Travis home near Austin where 22 relatives joined him to celebrate his 80th birthday.

A younger brother, Ed of Gordon, and a sister, Lorraine Corley of Ponca City, Ok., were unable to attend. An older brother, Elmer, and his wife, Virgie, of Fort Worth came as well as a host of nephews, nieces, great-nephews, and a great-niece.

Fishing and swimming were enjoyed by some while others spent the day visiting. Pictures were taken to document the occasion. Telephone calls and greeting cards were received from many friends and relatives unable to attend the celebration.

Mr. Browder manages and operates the Gause Builders Supply Company for his friends, G. R. Varner and Frank Eoland.

Colonial Nursing Home News

A large group of young people from the First Baptist Church held a song service at the home, Sunday morning, August 17. They were introduced by their superintendent, Mrs. Barbara Smitherman. Phil Smith, director of music at the church, led the singing. The residents of the home enjoyed the fellowship with these young people and their sponsors.

The ladies Arts and Crafts group has been making stuffed animals, puppets, and decorative butterflies. Our men's group is working with string art.

Current events were held Wednesday, August 16 at which time Mrs. Laverne Green brought a guest speaker, Mrs. Jewel Smalley. Mrs. Smalley is house mother at the State School for the Deaf. She told us about the children for the past 11 years.

Sunday, August 10, Mr. and Mrs. Green had as their guests Misses Linda Hughes, Brenda Gilbert, and Loretta Kunz, who played guitars and sang spiritual songs for our patients.

A story hour and water-melon party was enjoyed by some 30 patients. The party was sponsored by the home and given by the activities director.

August 7, church services were delivered by Rev. H. M. Bowley. His message was one of "Love." His scripture came from John 3-16, "God so loved the World." Mrs. Lucille Cameron led the singing. Mrs. Patricia Glenn sang a special "These Things", accompanied by Mrs. Denton House. The Rev. Bowley and his daughter, Mrs. Glenn sang "Redemption Drawn with Nigh."

Robbins Speaks On New Birth Control Method

The Multi-County Family Planning had its regular staff meeting on August 11 in Menard.

The guest giving the program was Dr. Cleary Robbins. Dr. Robbins has been an obstetrician for six years and has served as a missionary in Pakistan for several years. She spoke on a new method of birth control called the billing method. She said the method could be very effective.

For more information on the new type of birth control, contact Family Planning at 697-3101 or visit the office at 310 N. Travis in Cameron.

Surprise Party Honors Mrs. Bailey

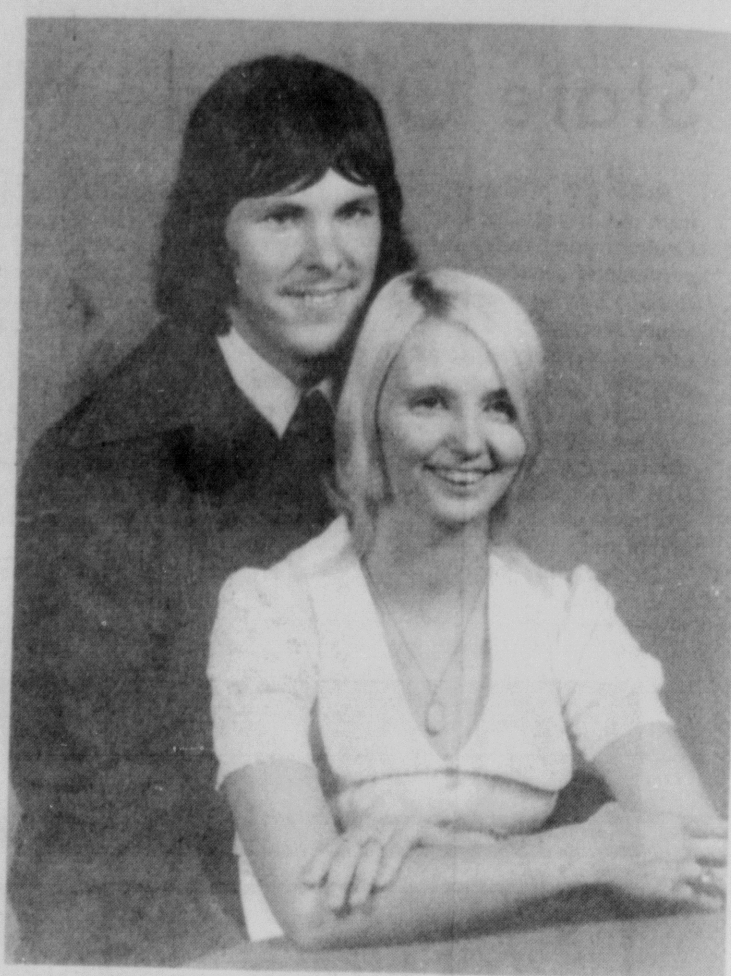

Mrs. Wenona Bailey was honored with a surprise birthday party at the Fellowship Hall of the Gause Baptist Church at 7:30 Friday evening, August 8.

Hostesses for the occasion were her mother, Mrs. Mae Fowler of Gause; her daughter, Mrs. Billie Strickland of Austin, and Mrs. Bette Zajicek of Universal City.

The color theme of the refreshment table was yellow and orange with an assortment of colorful summer flowers.

Punch, coffee, salted nuts, and birthday cake were served from crystal and silver appointments by her granddaughters, Lisa and Zann Zajicek.

A period of fellowship was enjoyed by the 25 guests.

ENGAGED--Mr. Ladis Matula announces the engagement of his daughter, Rita Matula, to James Magee, son of Mr. and Mrs. Craig Magee Jr. of Rockdale. The wedding will be held August 30 at 2 p.m. at the Methodist Fellowship Hall in Cameron.

Friends Give Bride-Elect Rice Bag Party

A rice bag party honoring Miss Laurie Junek of Buckholts was given in the home of Mrs. C. E. McNeill with Miss Debra McNeill and Mrs. Normal Kuzel as co-hostesses.

The bride-elect's chosen colors of blue and pink were carried out in the decoration.

Special guests were Mrs. Walter Junek, mother of the bride, Mrs. George Vrana, mother of the groom, and the groom's sisters.

Miss Junek and Michael Vrana will be married September 27 in St. Cyril and Methodius Catholic Church in Granger.

BP&W Club Meets

The Business and Professional Women's Club met August 18 in the clubhouse with 11 members and 1 visitor, Mrs. Annie Tyler, present.

Mrs. Ruby Moseley, club president, conducted the business session. Hostesses were the club members.

The next meeting will be held September 1.

SLOW COOKING gives stew beef the taste of stroganoff and a "can't wait to eat" aroma. Served in a noodle ring with a molded carrot salad, Beef Blanquette provides a hearty summer meal. Texas Department of Agriculture home economists suggest a light dessert of cold sliced peaches. (Photo from National Livestock and Meat Board)

BEEF BLANQUETTE

- | | |
|--|---|
| 1 1/2 lb. boneless beef for stew, cut in 1-inch pieces | 1 package (16 ounces) fine noodles, cooked and well drained |
| 1/2 c. flour | 3 T. melted butter or margarine |
| 2 tsp. salt | 1 can (4 1/2 ounces) whole mushrooms, drained |
| 1/8 tsp. pepper | 1/2 c. sliced stuffed olives |
| 3 T. lard or drippings | 1 c. dairy sour cream |
| 1 bay leaf | |
| 1/4 tsp. nutmeg | |
| 12 small whole onions | |
| 1/2 c. water | |

Combine flour, salt and pepper. Dredge meat in seasoned flour. Brown in lard or drippings. Pour off drippings. Add bay leaf, nutmeg, onions and water. Cover tightly and cook slowly 2 1/2 hours or until meat is tender. Combine noodles and melted butter or margarine. Pack in a greased 1 1/2-quart ring mold. Place in a slow oven. (300°F.) 10 to 15 minutes. Discard bay leaf from beef mixture. Fold in mushrooms, olives and sour cream. Cook just until heated through. Unmold noodle ring. Garnish with parsley and fill center of ring with meat mixture. 6 servings.

College Notes

Marion Thomas received her BBA degree Saturday, August 16 from Baylor University. She was a former student of Stephens College in Columbia, Mo. and a former Yoe High School graduate. She is the daughter of Mrs. Hilliard Thomas and the late Mr. Thomas of Cameron.

...So who says the cost of looking good is going up?

HAGGAR slacks

SCHIGUTS

Use it wisely.

This is a gas meter. It's fairly easy to read and check to see if you're using natural gas wisely.

There are five dials on the meter face. The smallest dial is a test dial... and it's not included in the actual reading. The remaining four dials are divided into ten segments, using the number the hand has just passed for the reading. When a hand is between numbers, always use the smaller number.

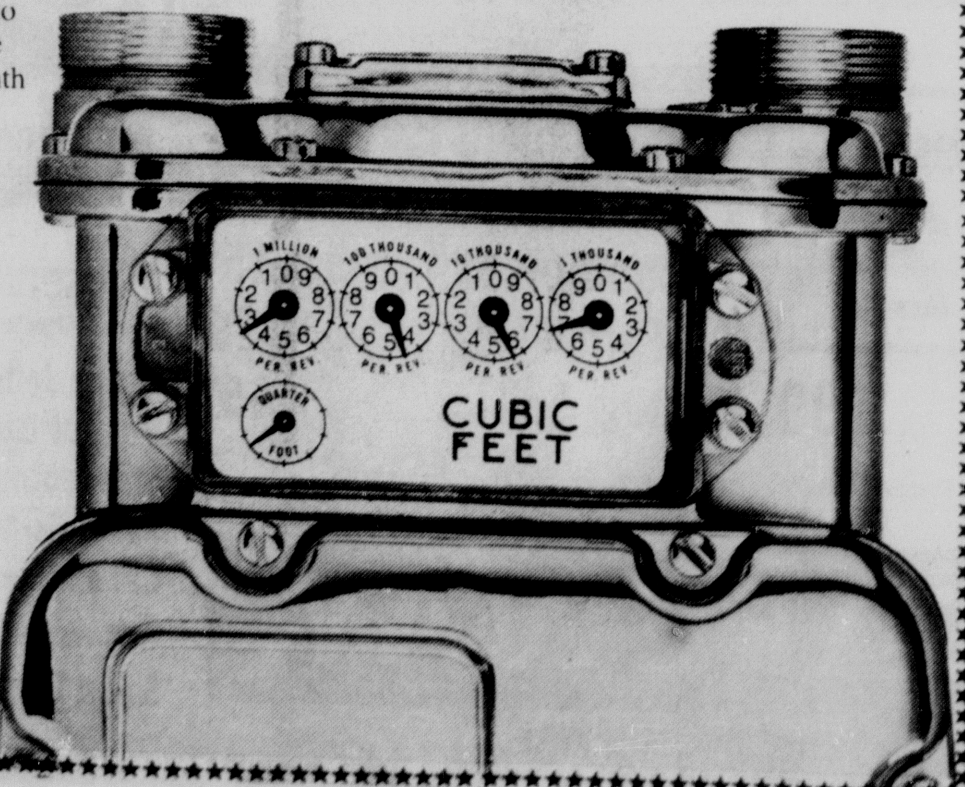

The reading for the meter pictured below would be 3 4 5 7. The last number is in "tenths," so your final reading should be 345.7 THOUSAND CUBIC FEET.

It's our intention to read every accessible gas meter every month

on or about the same day. You may want to informally check your natural gas usage each month to see how much you can save. Practicing conservation in your home is a good way to get the most efficient use of nature's cleanest, most desirable energy source -- natural gas.

If your monthly home meter readings remain low, you're conserving natural gas. And today... that's the name of the game!

Lone Star Gas
The clean energy company

Pamela Sings For Hometown

After singing, remembering with MRS. Dusek, among dozens of others...

The intensity lights a face, even at the reception...

Plaintive profile... anticipating a new moment of song...

Sleeveless Pamela singing "My Lady Greensleeves"...

Standing Ovation Climaxes Mezzo Pamela Neeley Recital

Mezzo-soprano Pamela Neeley, of Cameron and New York City, sang her audience to a standing ovation Sunday afternoon in recital at the First Baptist Church, Cameron.

More than 250 people, including pianist Danny Kelley of Cameron and Baltimore, broke institutional tradition in continuous applause for the five-part program, highlighted by Ms. Neeley's forte in musical comedy interpretations, which brought two encores.

A reception served by members of Yoe High School's Junior Historians followed the recital. Ms. Neeley once sang in the church choir and the YHS choir as well as playing in the percussion section of the YHS band.

She dedicated two numbers in the third part of the program: "The Greatest Man" to her father, Weldon Neeley, and another to Miss Ada Margaret Smith, advisor to YHS Junior Historians.

Unique among the second half of the program was a comic touch of "new hat" in singing Texans' Tom Jones and Harvey Schmidt's "Flaming Agnes," from the show "I Do! I Do!"

Her selections moved through Henry Purcell's 17th century "If music be the food of love, sing on!" and "Man is for the Woman Made!" into the aria "Cruda Sorte!" from an obscure 1813 Rossini opera "The Italian Girl in Algiers."

The dramatic mezzo quali-

ties of Ms. Neeley's voice appeared to advantage in Leonard Bernstein's "Tonight" from "West Side Story" and Frank Loesser's "My Heart is So Full of You" from "The Most Happy Fella." Her lyric reading of "My Lady Greensleeves," another English melody, and the familiar "Meet Me in St. Louis, Louis" moved the 50-minute recital to a standing conclusion.

Ms. Neeley most recently appeared in a lead role in a national company of "El Capitan," which played Philadelphia, Washington, and East Haddam, Conn.

She continues to study voice in New York City, her residence.

This weekend, call any other state* and talk five minutes for 86¢ or less... usually less!

*Except Alaska and Hawaii

Our weekend One-Plus rates are so low that you can talk awhile and still spend less than a dollar. For instance, a five-minute coast-to-coast Long Distance call dialed direct all Saturday and Sunday until 5 p.m. is only 86¢. An out-of-state call spanning fewer miles costs even less. If you can't wait till the weekend these same low rates are in effect every night from 11 p.m. to 8 a.m.

Where One-Plus dialing isn't available, One-Plus rates apply on station calls. If you dial direct and reach a wrong number, call the operator. You won't be charged.

Travel by Long Distance... and stay awhile.

Southwestern Bell

For rates to Alaska and Hawaii, call the operator. One-Plus rates don't apply to person, coin, hotel-guest, credit card or collect calls or calls charged to another number.

Obituaries

Vybiral

Anton Vybiral Sr., 72, of Cameron was dead on arrival early Sunday at a Temple hospital after he was hit by a car late Saturday in Buckholts.

Funeral was at 10 a.m. Monday in the Marek-Burns-Laywell Funeral Home in Cameron with the Rev. Clyde Holtman officiating. Burial was in Oak Hill Cemetery. Surviving are his widow, Mrs. Rosa Vybiral of Cameron; two sons, Anton E. Vybiral of Temple and Joe Lee Vybiral of Austin; three daughters, Mrs. Elsie Jez and Mrs. Edna Etheridge, both of Temple, and Mrs. Evelyn Montgomery of Spring; a brother, Ben Vybiral of Cameron; four sisters, Mrs. Frances Geliney and Mrs. Josie Reynolds, both of Cameron; Mrs. Albina Machalick of Taylor, and Mrs. Mary Krause of Buckholts; and 15 grandchildren.

Gandy

Mrs. Dewey (Ella) Gandy, 68, former resident of the Liberty community, died August 15 in Hobbs, N. M., following an apparent heart attack.

Funeral was held at 4 p.m. Monday at the Liberty Cemetery with Rev. Darryl Proffitt officiating.

Surviving are her husband, Dewey Gandy of Hobbs, N. M.; three sons, Dewey Gandy Jr. of Houston, Curtis and Ted Gandy, both of Hobbs; three sisters, Mrs. Lizzie Hickman of Conroe, Mrs. Helen Johnson of Huntsville, and Mrs. Irene Gandy of Rosebud; six grandchildren, and two great grandchildren.

Green Funeral Home was in charge of local arrangements.

Wolf

Mrs. Hazel Wolf, 77, of Cameron died Friday in a Cameron nursing home after a long illness.

Funeral was at 2 p.m. Sunday in Green Funeral Home in Cameron with the Rev. Stanley Vodicka officiating. Burial was in Oak Hill Cemetery.

Mrs. Wolf was born in Emporia, Kan. and lived in Cameron most of her life. Survivors are a brother, Frank Brown of Livingston; and a sister, Mrs. Jenny Jenkins of Cameron.

Stahala

Richard Harper Stahala Jr., 47, of Smithfield died in his home Saturday after an apparent heart attack.

Funeral was at 2 p.m. Tuesday in Green Funeral Home in Cameron with burial in the North Elm Cemetery.

A native of Wichita Falls, Mrs. Stahala had been a resident of Smithfield for the past 14 years. He was a Civil Service employee and a World War II veteran. His wife is the former Susie Dell Matthews of Smithfield.

Surviving are his wife; a daughter, Miss Elizabeth Ann Stahala of Smithfield; his mother, Mrs. R. H. Stahala Sr., and other relatives.

Brogdon

James R. Brogdon died August 15 in Albuquerque, New Mexico Veterans Hospital. He was born Sept. 7, 1919 to the late S. E. and Maude Brogdon in Cameron.

Mr. Brogdon graduated from Yoe High School and attended Texas A&M College. He married Marjorie Cass in 1940. He was a veteran of World War II and a retired employee of R. J. Reynolds Tobacco Co. for whom he had worked for 25 years, 15 years as a division manager.

He was a member of the Albuquerque Lodge #461 BPOE and of Temple Lodge #6, AR&AM, and Hoffman Town Baptist Church, Albuquerque.

Surviving are his wife, Marjorie; a daughter, Deborah Brogdon, both of Albuquerque; one sister, Mrs. Martha Glover of Austin.

Funeral service was at 2 p.m. August 16 in Palm Chapel of Strong-Thorne Funeral Home.

Fenced Yard Safe For Tots

One of the important duties a fence of western wood performs is enclosing a play yard for youngsters, keeping them from straying too far or playing in the street.

A good design for children has vertical boards set on widespread stringers to discourage climbers. Spacing between boards eases the feeling of confinement children might develop.

Western cedar is suggested for fence posts, and rough-sawn or smooth cedar or pine are suitable for the boards. A natural finish sealer or light stain will incur less maintenance than paint.

THE SIZE OF THE CREATURE

Copyright 1975 Keister Advertising Service, Inc., Strasburg, Virginia

Scriptures selected by The American Bible Society

No doubt the dinosaur thought—if dinosaurs thought at all—that he was big enough, powerful enough to survive anything. But the dinosaur is extinct.

Man used to think that his brain, his cleverness, his frightening weapons made him a cinch for survival. Now we talk seriously about man's "hope of survival."

No wonder the dinosaur has become fascinating. Poor fellow—so big and powerful and extinct. Surely if he'd had our intelligence and our nuclear warfare, he'd have made it!

But there's always that gnawing uncertainty—maybe it takes something else!

Come to church and you'll be rubbing shoulders with people who are sure it does. For them, mankind's hope is not in the size of the creature... but in his soul.

Yoe Booster Club To Meet Monday

The Yoemen Booster Club will hold its first meeting of the '75 football season Monday, August 25 at 7:30 at the Yoe High home-making building, according to Booster Club President, Leroy Doskocil.

The meeting will include introduction of the '75 football coaches and report of progress for the freshmen, junior varsity football teams. To highlight the meeting, there will be a film shown of the A&M Consolidated scrimmage.

Coach Cauley will also give a talk on the overall football program at the meeting.

All members and prospective members are urged to attend this meeting and all future meetings which will again be held Monday nights.

Aluminum Bats Pose Hazard

More than five million aluminum baseball and softball bats with rubber grips sold nationally since 1968 could pose serious risks of injury if the rubber grips are loose, worn, damaged, or deteriorated.

The Consumer Product Safety Commission, which is issuing this warning in the interest of the public health and safety, urges consumers to check the rubber grips on their aluminum bats immediately and to cease use of those bats which are loose, torn, or deteriorated grips.

If the grip is loose, worn, or damaged, the aluminum bat could fly out of the grip or fly away from a torn off knob when the bat is swung. The one-piece rubber grip sleeve and solid rubber knob are all that hold the bat in place.

Two major injuries and one death reportedly have occurred when aluminum bats have detached from the grips during a swing and have been propelled through the air.

Gary Beach

To Direct O J T Band

There will be a new face in the band halls this fall as a new band director for O. J. Thomas Junior High and asst. for high school takes his place on the podium. He is Gary Beach.

He is a 1974 graduate of Texas Tech University with a major in Music Education. He is also working towards a master's degree in Music Education from West Texas State University in Canyon.

He is a graduate of O'Donnell High School where he was a letterman in football, basketball, track, and tennis. He was also vice-president of the student body and elected Mr. O.H.S.

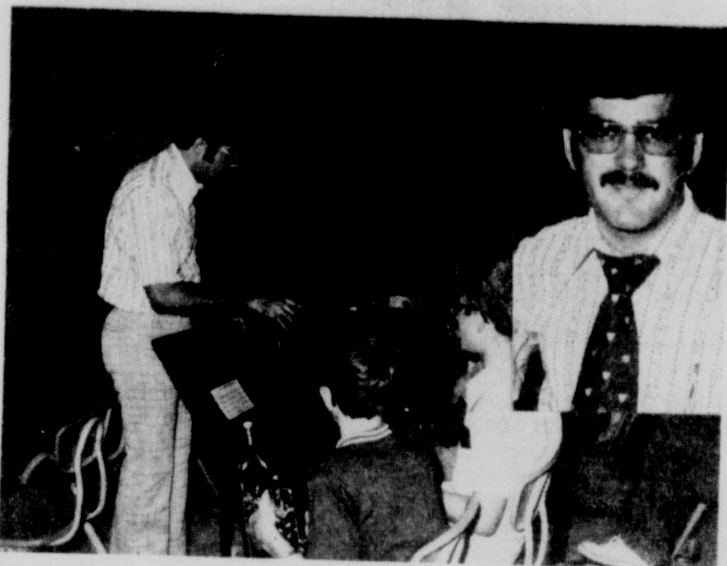

He started Texas Tech in 1970 and was a member of the 'Going Band from Raider Land' for four years and was also a freshman basketball player for the Red Raider.

Gary was a member of the marching band for 5 football seasons and participated in the concert band for 4 years. He was also involved in the Brass Choir for 3 years while attending Tech.

While pursuing his masters at West Texas, Beach was first chair trumpet in the W.T.S.U. Concert Band.

Gary and his wife, Jan, live at 705 N. Houston in Cameron. Jan will be attending Temple Junior College this fall. Jan is also working with the bands as a twirling instructor.

Gary will be assisting Yoe band director, Jerry Bartley and will also be instructing junior high in marching. Beach said, "The junior high band will be marching at the half-times and I know all of us are looking forward to presenting a fine group of marchers to the public."

GARY BEACH

Five Cameron Women To Attend Seminar

Five members of the Cameron Women's Bowling Association will attend a Leadership Training Seminar conducted by the Women's International Bowling Congress at Villa Capri Motor Inn, Austin, Texas on August 23 and 24.

Local members attending are: Aliene York, incoming president; LaVerne Goode, secretary; Kathryn Jeter, treasurer; Betty Backhouse, immediate past president; and Gloria Neeley, league officer.

The WIBC Leadership

Training Seminars are being held to train local women's bowling association officers, directors, and other leaders in rules, parliamentary procedure, use of forms, and other office methods, problem solving techniques, and human relation skills.

Women from associations within approximately a 200-mile radius will be attending the seminar.

Similar sessions are being held by WIBC in 15 locations throughout the country this summer.

SPORT SPOTLIGHT

By FORREST GUESS

IT'S TIME...

It's time. The Yoe football teams will have their '75 football season debut this Friday at Yoe Field when the freshmen, junior varsity, and varsity teams will scrimmage A&M Consolidated.

The control scrimmage will begin at 6, 7, and 8 p.m. and there will be no admission for the scrimmage, according to head football coach Ed Cauley.

Looking over the practice Monday night, it's easy to see why Cameron is picked Number One. The size of the team is just unbelievable and along with the ability it's looking super good.

When your on top every one is shooting for you and George Hollas had the right comment, "We better take the games one at a time."

BANDS, LOOKING GOOD...

"Our bands are looking real good and I am real pleased with the high school band," Jerry Bartley said. He also said that the band is really having a lot of fun and we are working hard on a new format for the band.

We are presently looking at a new "bounce on" routine for the band to enter the field. "It's really a spirited group this year," Bartley stated.

"We're looking forward with great anticipation for an excellent band program this year and the band is dedicated to winning a 'Sweepstakes' this year," Bartley added.

With all the spirit of this group it won't be hard for them to win everything there is to win.

Football, Get Ready...

The season is here and Coach Ed Cauley feels that his 28 varsity players are ready. "We are working on fundamentals, running, passing, blocking, tackling drills and our kicking games, we just want to make sure we know how to do these things before our first game which is in 2 weeks," Cauley said.

He also said that the Yoemen were not preparing for any specific team or defense but instead spending a lot of time instructing on 'how to' do things.

TENNIS construction began and is expected to be completed within the next two weeks. Bottom, the Texas Parks and Wildlife Department distributed free catfish to area residents.

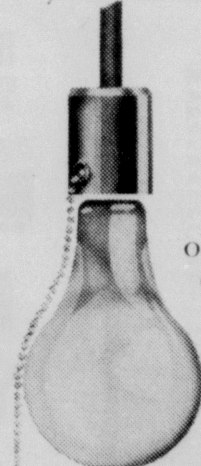

Lone Star makes a case for the onyx bottle.

Look at the Lone Star bottle. The difference between it and any other beer bottle is night and day.

All other beer bottles let in light. The clear ones a lot, the green and brown ones a bit less.

But only the Lone Star onyx bottle lets in none.

This is not a good idea.

Light is the natural enemy of beer. Sunlight, lamplight, candlelight—it doesn't matter—all will speed up a beer's natural fermentation and cause it to spoil.

So, with Lone Star, it's strictly "lights out".

Close only counts in horseshoes.

Since light can penetrate their bottles, the other brewers must hide that shortcoming behind a veil of cardboard. And their carton does help.

But, alas, it is still rather badly exposed on the ends.

And, of course, on the side and top these cartons have a lot of expensive printing that you-know-who ends up paying for.

That's six of one. Now, half a dozen of another is that since Lone Star's onyx bottle lets in no light at all, Lone Star has no reason at all to put those onyx bottles into a cardboard pack.

That about wraps it up.

You're looking at—or, rather, through—a piece of shrink film. Obviously, it's not designed to keep any light out, but we don't care because our bottle is. All we want the film to do is hold six bottles together so you

can carry them.

And, since you can see our bottles through it, we don't have to waste money plastering our name all over it. We can spend it keeping high the quality of the Lone Star inside.

What you don't see is what you get.

If you really care about bottled beer, buy the only bottle that really cares for the beer inside. Lone Star, in 12-oz. non-returnables. Look for our new 6-pack at your store.

Card Of Thanks

Our hearts are filled with thanksgiving for the many, many friends and relatives who have given us so much during our time of trial. We will never be able to thank you adequately.

We know that as a Christian Hugh is in eternity and "God shall wipe away all tears from their eyes" and there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain for the former things are passed away" (Revelations 21-4).

We do not mourn for Hugh. We cry for our loss and our loneliness. We who are left must go on living, realizing that God does not make mistakes, and be concerned with the living that they might receive Christ as their Saviour so that they too will have eternal life.

We thank all who have helped to ease our sorrow and our heavy hearts. Our grief is made lighter by remembering that, "For as I am persuaded that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come, nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus Our Lord (Rom. 8:38-39).
Love,
Jessie Mae Wimberly and kids, Dr. M. N. Wimberly and family,
Alice W. Westbrook family

We want to express our deep appreciation for the masses, flowers, food, prayers, and any kindness shown us during our loss. We especially want to thank Dr. Richardson, the Colonial Nursing Home, the sisters, and staff of St. Edward Hospital. Rev. John Geiser, and Mark-Burns-Laywell Funeral Home for their kindness. May God bless each of you.
The family of
Elizabeth Jistel

'Kiss Your Baby Week' To Detect Cystic Fibrosis

Mothers who participate in "Kiss Your Baby Week" beginning Sunday, August 24, may be giving their children the kiss of life.

One of the signs of cystic fibrosis -- the most serious lung-damaging disease -- is a salty taste of the skin. That's why the Cystic Fibrosis Foundation is asking mothers to "Kiss Your Baby" with very special attention.

If a mother does taste salt on her baby, she should see the doctor and make sure the baby has a test for CF. Early diagnosis and immediate treatment are vital to the child's life.

Additional signs of cystic fibrosis -- and other lung-damaging diseases are: recurrent wheezing; persistent coughing with excessive mucus; pneumonia more than once; excessive appetite but poor weight gain; clubbing (enlargement of fingertips); persistent bulky diarrhea and nasal polyps.

DANCE BAR-1-BAR
Saturday, August 23
Music by
The Ramrods Country Show
9 p.m. - 1 a.m.

One out of every 1,500 babies has cystic fibrosis and many people don't realize that it is the number one genetic killer of children. For children who are diagnosed early, the outlook is very hopeful. Children with a chronic cough and wheeze sometimes are confused with allergy patients. They should have a sweat chloride test for cystic fibrosis.

School Outlines Lunch Policy

Cameron Independent School District today announced its policy for free lunches and free milk for children unable to pay the full price of meals and milk served under the National School

Lunch and Special Milk Programs. Local school officials have adopted the following family size income criteria for determining eligibility:

Family Size	Family Annual Income
1	\$0-3,230
2	\$0-4,240
3	\$0-5,250
4	\$0-6,260
5	\$0-7,190
6	\$0-8,110
7	\$0-8,950
8	\$0-9,700
9	\$0-10,550
10	\$0-11,310
11	\$0-12,060
12	\$0-12,810
Each additional family member	\$750

Children from families whose income is at or below the levels shown are eligible for free meals and free milk. In addition, families not meeting these criteria but with other unusual expenses due to unusually high medical expenses, shelter costs in excess of 30 percent of income, special education expenses due to the mental or physical condition of a child, and disaster or casualty losses are urged to apply.

Application forms are being sent to all homes in letters to parents. Additional copies are available at the principal's office in each school. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted

at any time during the year. In certain cases foster children are also eligible for these benefits. If a family has foster children living with them and wishes to apply for such meals and milk for the, it should contact the school.

In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, or national origin.

Under the provisions of the policy, Bobby Looney will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the official, he may make a request either orally or in writing to Buddy Dulin, Superintendent, Ben Milam School, 504 E. 10, phone 697-3512, for a hearing to appeal the decision. The policy con-

tains an outline of the hearing procedure. Each school and the office of the Ben Milam School has a copy of the complete policy which may be reviewed by an interested party.

Maysfield

By Mrs. J. P. Wise

Gary Thweatt returned home Wednesday from Claranda, Iowa where he has played baseball with the Claranda A's. This summer Gary has had a good summer, including a series of games in Alaska and Eva Claire, Wis.

Mrs. August Knipp of Cameron visited Mrs. J. P. Wise Thursday.

Mrs. Dean Baird and son Al of Freeport visited her mother, Mrs. Marguerite Massengale several days last week.

Miss Mary White spent last week with the Tommy Gleasons of Houston.

Mr. and Mrs. Fred Hef- ti visited in Austin Tuesday. Rev. and Mrs. Frank New- ton of Houston visited her mother, Mrs. W. C. Cooper, Thursday.

Bob Newton of Austin visi- ted his parents, Mr. and Mrs. Roy Newton Friday.

Mrs. W. C. Cooper spent Sunday with her son and fam- ily, the Carl Coopers, in McGregor. Her grandson, Steve Cooper, and wife will be leaving for Australia next week where they will be tea- ching the coming year.

Mr. and Mrs. Johnny Yates Sr. visited their son, Johnny Jr. and wife and baby in Rockdale Saturday. They helped them move from Rock- dale to Rogers where they will teach in the Rogers school.

Sharp-

By Mrs. Leroy Guillote

Brad Green, grandson of Mrs. Ruth Caffey graduated from Texas A&M Friday night. His parents, Mr. and Mrs. Fred Green, his brother Brady, and Mrs. Lucy Ludwick of Belton accompa- nied by Mrs. Caffey, went to the graduation exercises. They were met there by Mr. and Mrs. Bob Davis and ch- ildred, Kathleen and Keith of Victoria, and Mrs. Clyde Caffey of Pasadena.

Mr. Arthur Rinn of Austin spent the weekend with his mother, Mrs. Edna Rinn. Miss Melissa Pope of Aus- tin is spending the week with her grandparents, Mr. and Mrs. J. D. Pope.

Mr. and Mrs. Robert Pope of Alice spent the weekend with her parents, Mr. and Mrs. Ross McQuary. They also visited with Mr. and Mrs. J. D. Pope and Mr. and Mrs. Larry Ingram and fam- ily.

Mr. Tass McBurnett has been in an Austin hospital for several days. MRS. Wa- vy Charles spent several days in Austin with Mr. and Mrs. Odell Charles to be able to be with her brother, Tass.

Mrs. Bill Reesler is also on the sick list, being a patient in Richards Hospi- tal in Rockdale.

Mr. and Mrs. Carol Mod- esette and family of Austin were weekend guests of his parents, Mr. and Mrs. Lewis Modesette.

Troy and Betty Locke of Crosby spent Saturday night with Mr. and Mrs. Emory Brockenbush.

Mr. and Mrs. H. J. Ellen- der and James enjoyed a hamburger cookout and ice cream supper honoring Mr. James Pope on his birthday at the Pope home in Temple.

Mr. and Mrs. Carl Hanke's supper guests Saturday night were Mr. and Mrs. Tim Hanke and son, Joe Wayne of Palacior, Mr. and Mrs. Robert Munding and Shannon of Lexington, Mr. and Mrs. A. A. Blehle of Rockdale, Greg Ble- hel of Bryan, Mr. and Mrs. Ernest Hodge of Friendship, Mr. and Mrs. Ernest Hanke and grandchildren of Buck- holts and Mr. and Mrs. Pres- ton Schwartz.

Mrs. Jewel Andrews of Rockdale spent the weekend with Mr. and Mrs. Wayne Lawrence and family.

Gause

By Mrs. Wanda Lee

Mr. and Mrs. B. W. Ru- therford of Cleveland visi- ted this past week in the home of Mr. and Mrs. Ro- ger Kingsley.

Recent visitors with Mrs. Lola Williams was her daugh- ter and family, Mr. and Mrs. Odell Pratt and Jesse of Denison. While they were here they all went to Anson for a visit with another daugh- ter of Mrs. Williams', Mr. and Mrs. L. A. Riley.

Recent guests with Mr. and Mrs. John Bowling were her sister and brother-in-law, Mr. and Mrs. S. T. Burrus of Louisville, Ark.

Mrs. Mary Bolwing recent- ly received word of the death of her sister, Mrs. Olga DeWitt in Lake Char- les, La.

Rev. and Mrs. Thomas Du- sek, Lannie, and "Teet," Don- na and Charlette Cernuch, Gerald Worrell, Mr. and Mrs. Wayne Lee, Craig, Kelly, Lance, and Kristi spent an enjoyable day last Monday at Six Flags Over Texas.

Recent visitors with Mr. and Mrs. Harvey Roper were Mrs. Effie Bolin and Miss Kay Roper of Dallas. The Ro- per's grandson, Scott Roberts of Santa Anna, Calif., has been visiting several weeks with them and the Kenneth Roper family.

Staci Hux, daughter of Mr. and Mrs. Garland Hux of Cameron and granddaughter of Mr. and Mrs. Cecil But- ler, spent several days this past week in a Cameron hos- pital where she had her ton- sils removed.

Kelly Jean Lee was hono- red with a party Saturday af- ternoon in observance of her 8th birthday, by her parents, Mr. and Mrs. Wayne Lee, brothers Craig and Lance, and sister Kristi. The group spent the party hours playing bingo with prizes being awarded the winners. Those attending in- cluded Ray and Kevin Coats; Debbie Todd; Marnatha Wise; Regina Miller; Michelle, Ken- ny, and Kerri Roper; Mrs. Kenneth Roper; Mrs. James Todd; Mrs. Koye Cass; Mrs. Roy Miller; Mrs. Kay Al- bright; and Mrs. Harold Neel.

Mrs. Martha Thornton of Houston spent the week with her father, Mr. and Mrs. Earl Hardecastle, Bob, and Buck.

Mr. and Mrs. Raymond Slay and Cheryl and Mrs. Ann Ely spent the weekend in Houston with Mr. and Mrs. Tom Gahns.

Special 5.99

Fashion slack of polyester gabardine with a high rise waist, tab button closure and fly front. Sizes 5 to 15 in dusty rose, green or blue.

Consumer Market Report

Upcoming pork supplies will dip to levels below those of many years, and this means

higher retail prices, Mrs. Gwendolyn Clyatt said this week.

"USDA reports confirm the decline in pork supplies -- and it might be nearly another year before increased supplies reach the retail market," she added.

"Only a few features may be found on end chops, semi-boneless hams, frankfurters, and liver."

Mrs. Clyatt is consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Beef counter specials show emphasis on chuck roasts and

steaks, round steaks, ground beef, and liver, she added.

"In poultry sections, the egg market is settling down after some price increases, so eggs continue as an easy,

economical protein source for menus.

"Current turkey supplies, however, may consist of more mature birds. These big birds are nutritionally as

good as younger ones--but

drier," Mrs. Clyatt said. She advised use of moisture in cooking--or a sauce for serving mature turkey.
